SUMMARY

Full Stack Web Developer with a background in military intelligence and IT systems, specializing in building responsive, scalable web applications. Experienced in React, JavaScript, and MySQL with a strong foundation in system architecture, troubleshooting, and performance optimization. Known for delivering clean, maintainable code and deploying production-ready applications using modern tools and workflows.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript (ES6+), React.js, Tailwind CSS

Backend & Database: MySQL, REST APIs

Tools & Deployment: GitHub, Vercel, VS Code

Other Strengths: Debugging, System Design Thinking, Performance Optimization

PROJECT EXPERIENCE

Personal Portfolio Website – Chadluman.com

- Designed and developed a fully responsive portfolio site showcasing full stack projects and technical skills
- Implemented modern UI/UX using React and Tailwind CSS
- Deployed via Vercel with CI/CD integration through GitHub

Full Stack Web Applications (Multiple Projects)

- Built dynamic applications with React frontends and MySQL-backed data structures
- Developed interactive components with real-time state management
- Structured scalable architecture and reusable components
- Focused on performance optimization and clean UI design

PROFESSIONAL EXPERIENCE

Independent / Project-Based – Full Stack Web Developer (2022 – Present)

- Develop and deploy full stack applications using React, JavaScript, Tailwind, and MySQL
- Manage version control and workflows using GitHub
- Deploy applications using Vercel with focus on speed and reliability

U.S. Army – Intelligence Analyst & Security Manager (2023 – Present)

- Analyze complex datasets and deliver actionable intelligence
- Manage secure systems and enforce data protection standards
- Apply structured problem-solving in high-pressure environments

Spectrum – Technician II (2022 – 2023)

- Diagnosed and resolved network and connectivity issues
- Improved customer satisfaction through efficient troubleshooting

Futura Mobility – Field Service Technician (2020 – 2022)

- Supported 1,200+ IT assets across 30+ healthcare environments
- Performed system upgrades and maintenance to ensure uptime

United States Marine Corps – Telecommunications & IT Specialist (2015 – 2020)

- Maintained and supported large-scale communication and network systems
- Developed strong troubleshooting and systems thinking skills

EDUCATION & CERTIFICATIONS

Associate of Occupational Studies – Intelligence Analysis

Associate of Science – Information Technology

Certifications:

- HTML & CSS Web Professional
- JavaScript
- React.js
- MySQL
